

A Case Study in Coordination:

*I-90/Barrington Rd Full
Interchange and Express Bus
Station*

Village of Hoffman Estates, IL

Evolution of an Interchange – Partial Access to Full Multimodal

Bus-only "Flex Lane" for faster, more reliable commutes

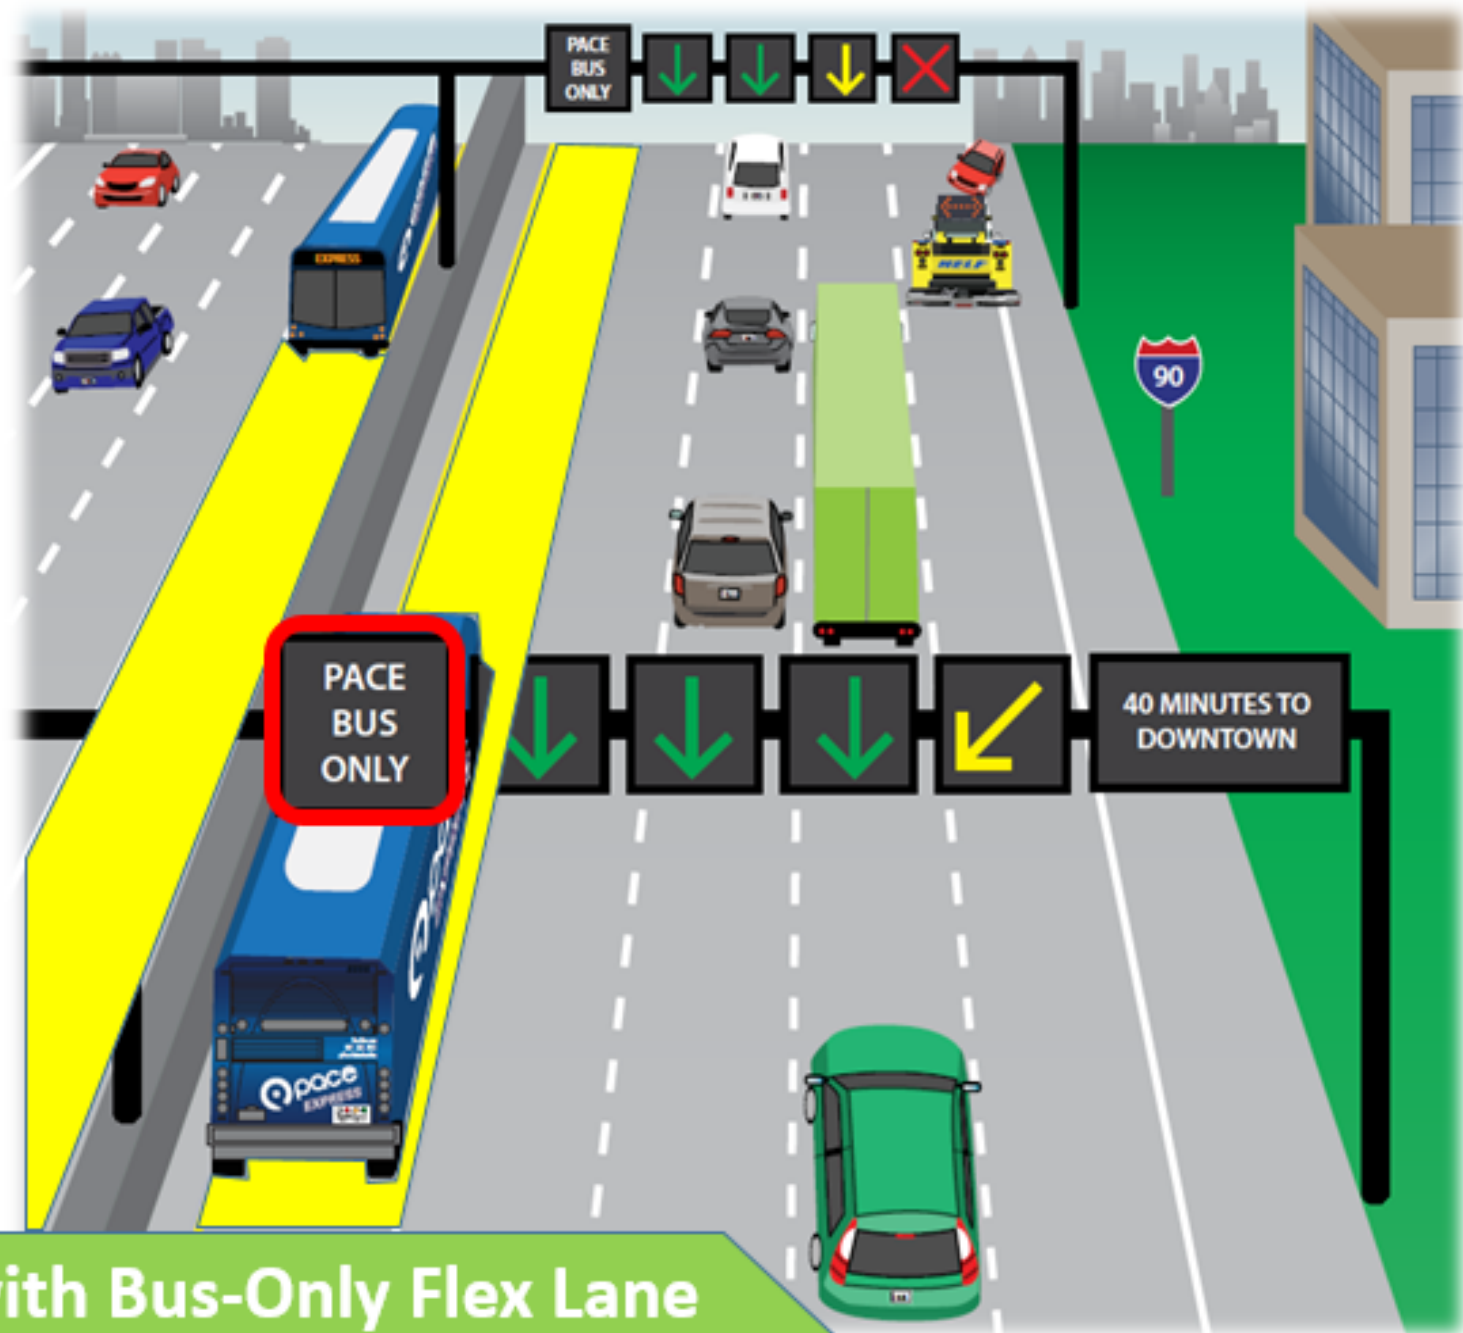

SmartRoad

Travel safe • Travel smart

Flex Lane Operations Began Summer 2017

- Use of Flex Lane controlled by Tollway Operations Center
- Buses can use Flex Lane when other lanes at 35 mph or less
- Improve travel times, reliability, information sharing, customer experience

Active Traffic Management with Bus-Only Flex Lane
