City of Tukwila Community Leadership Initiative

Through learning opportunities and making connections, community members better understand how city government works and how to get involved. Together, we build relationships and trust.

‘How City Government Works’ with Judge Walden

*“I didn’t know anything about city government
before today.”*

*“I’m learning more about the purpose of the city
and being able to connect with different
employees without fear.”*

City Council & A Meeting with Mayor McLeod

"I love how open everyone is... how we want to make Tukwila a better place."

"I got a more in depth understanding of the Mayor's role. I enjoyed hearing his story of joining the City Council. It was inspirational."

Public Safety Conversation with Chief Drever and Co-Responder MJ

“A week ago, I had to go to the police department. Before, I was very scared just to see a police officer. But that day I went, I met a member who was in the classes. He recognized me and asked me if he could help. That gave me a lot more confidence.”

Program Outcomes

What has changed as a result of this program?

100% Strongly Agree or Agree with the following:

- I know more about city government.
- I want to get involved and I know who to contact.
- I feel more connected to the Tukwila community.

"I will share with my neighbors what I learned in this program to continue promoting safety in our community."
