

Integrated Public Safety Technology Platform

Enhancing Community Safety through Smart
Integration

Turlock Police Department

Unified Technology for Safer Streets

- ▶ - Live-stream business cameras (159 total)
- ▶ - Registered residential cameras (185+)
- ▶ - License Plate Readers (87 across 19 intersections)
- ▶ - Axon Air (Drones), Body-Worn Cameras
- ▶ - Calls for Service, Business Floor Plans
- ▶ - Centralized access with single login

Connect Turlock: Collaborating with the Community

- ▶ - Voluntary enrollment for businesses and residents
- ▶ - Residential: contact-only, no live view
- ▶ - Business: low-cost via DVR/NVR
- ▶ - Access granted only during emergencies or criminal incidents

What the Platform Enables

- ▶ - Multi-camera live view and rewind
- ▶ - 72-hour footage access (varies by system)
- ▶ - Real-time traffic and weather overlays
- ▶ - One-click image capture for BOLO alerts
- ▶ - Sync playback for investigations

Efficiency, Awareness, and Safety

- ▶ - Faster emergency response
- ▶ - Better-informed officers
- ▶ - Public-private collaboration
- ▶ - Privacy-respecting policies
- ▶ - Safer city environment
